General release information: 3 series of Apple records CDs were issued in Japan.

- -First series contains all the titles originally released in the UK. All booklets of this series are expanded with additional pages with information in Japanese.
- -Second series is a re-release of most titles of the first series as Mini-LP sleeve editions. Albums by MJQ, John Tavener, Ravi Shankar and The Radha Krsna Temple were not released in this series.
- -The 2010 Apple re-issues were imported as boxes from the EU, individual CDs were released as Japanese pressings except the box-only bonus CD, the John Tavener CD and the Radha Krsna Temple CD.

Promo CDs of the first series have a sticker attached to the back insert and promo print around the spindle hole on the CD:
