All aboard for the trip of your life.

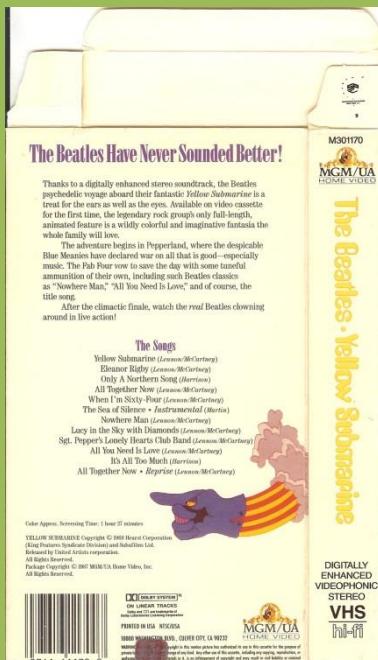

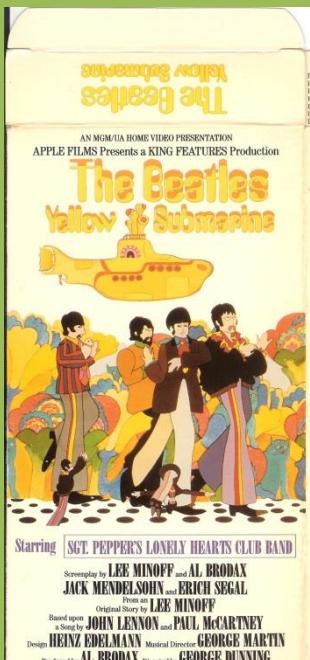

Once upon a time, or maybe twice, there was an awfully peculiar called Pepperland — a place where happiness and music reigned supreme. But all that was threatened when the terrible Blue Meanies declared war on their city led by a maniac flying Glove to destroy all that was good. Enter John, Paul, George and Ringo to save the day! And more! The more than their humor, songs, and musical magic can do, the more they realize the Fish King's tactics are aimed in an effort to bring down the evil forces of bluetum.

Now digitally restored with stereo surround sound for the first time ever, this visionary masterpiece looks and sounds better than the original theatrical release.
